Dear Parent,  
Warm Greetings!

Hope you are all safe and in good health!

*"Many activities and team play participation, will give you a training that will prove invaluable later on in life."* ... Walter Annenberg

In today's world being good only in academics is not the only key to success. A child should have life skills in order to be successful in her/ his post school days. Life Skills are not learnt through books, but are experienced through participating in different activities of interest.

In order to develop various skills among our school children, it is decided to introduce **Extra Curricular Activities (ECA for classes I to X) in school (within regular school timings)** along with the regular Co -Curricular Activities (CCA). We expect that **a student must choose the activity of her/ his choice and continue to participate in it for one academic session. Once the choice is made she/ he can only change in the next academic session.**

The details of the Activities under ECA are given below along with the Google Form Link to make your choice. **Please choose and submit the form within 21<sup>ST</sup> April 2022.**

The activities are tentatively planned to start from 22<sup>nd</sup> April 2022 onwards and will continue till the Month of January 2023 (with approximately minimum 4 Classes on every working Friday per Month). In case of holidays/ exams, missed out Classes will be compensated on Saturdays or with special Camps during Holidays/ Vacations.
